Minor: Elementary Education

EARLY CHILDHOOD EDUCATION MINOR26

The Early Childhood Education Minor is a state-recognized area of specialized competency that is an "add on" to an Elementary Education degree. This Minor gives specialized preparation in implementing developmentally appropriate practices including multi-age groupings, individualization, learning center approach, anti-bias curriculum, concrete experiences, pro-social discipline techniques, integrated curriculum, inclusion of children with special needs, and viewing parents as partners. It is designed for students planning to teach children from birth through age eight.

_____ ED 142 Intro/Early Chldhd ¹	1 _____	approval _____
